

Calling Kansas City area clergy of all faiths!

Join us in our goal to deliver

100 Sermons for the Earth

There is a spiritual, religious, and moral imperative to be good stewards of the Earth and its resources.

Communities of faith have an important role to play in meeting the environmental challenges currently facing the planet.

Throughout the year, you give talks and sermons on a wide range of subjects that are important to your ministry.

Will you consider giving at least one in 2013 for the Earth?

If you make this commitment for the Earth, SSC will commit to support you with helpful resources that will make creating and delivering your talk or sermon as easy as possible.

YES! *I'll join fellow clergy of all faiths in giving one talk or sermon on behalf of the Earth in 2013 and I'll do my best to deliver it the weekend of April 20-21 to coincide with Earth Day on April 22.*
