Wise Words

I think the environment should be put in the category of our national security. Defense of our resources is just as important as defense abroad. Otherwise what is there to defend?

-Robert Redford

you can afford? Come to a meeting on Tuesday, April 22, from 7:00-8:30 p.m. at St. Pius X Church about a new solar leasing program

for Kansas residents that requires no upfront costs and saves you money on your electric bills. Missouri residents are welcome too and can learn more about solar panel arrays for your home. For more

information go to the SSC event page [here](#) or download an informational flyer to display at your congregation or work place [here](#).

Host a Recycling Event

As the weather warms up, many of us want to do some spring cleaning. Much of the "stuff" you want

to get rid of can be reused by others or recycled (no need to send good stuff to the dump). SSC is

partnering with area congregations to host recycling days, a time where congregation members and their neighbors can bring unwanted items such as old electronics, clothes,

books, and more to be reused or recycled. This is a great way to help an area charity, raise some funds for SSC, and live more sustainably by getting rid of some of your clutter in an earth friendly manner. If you would like more information about your congregation hosting an event, [email](mailto:) Alyssa Harvey or [visit](#) the SSC website
