

## PLANNING FOR WATER USE

### PURPOSE:

### VISION:

### GOALS:

- Do they help meet the above purpose and vision?
- What actions will you take to carry out your goals?
- How long will they take to achieve?
  - Level 1—Actions that can be done with little or no cost and can be done in a short time period. These can be done quickly with little effort
  - Level 2—Actions that involve a short time period, such as three to six months, and may involve some limited financial expenditure
  - Level 3—Actions that may take a longer period, perhaps several years, and might involve substantial expenditure of funds.
- Please write down planned actions to meet your goals in areas (where applicable) below:
